We offer a range of personal settings for your convenience. Options include which opponents you prefer to be paired against, your preferred chessboard and pieces, the board size, the volume setting of the video player, your preferred language, whether to show chat or chess notation, and more.

### Chess Pieces and How They Move | Wholesale Chess

The pawn chess piece is often the most overlooked of all of the chess pieces. The piece itself is very simple. On most chess sets, the pawn chess piece is the smallest piece on the board. Each player begins a chess game with eight pawns, standing in front of their other eight chess pieces.
