[Behavior modification - Wikipedia](#)

Behavior modification refers to behavior-change procedures that were employed during the 1970s and early 1980s. Based on methodological behaviorism, overt behavior was modified with presumed consequences, including artificial positive and negative reinforcement contingencies to increase desirable behavior, or administering positive and negative

[How to Use Behavior Modification: 14 Steps \(with Pictures\)](#)

How to Use Behavior Modification. A team approach is most often used with children (and at times adults) when a behavior is both ingrained and not functional for them or for others. Think of an unusually aggressive child or an adult with
