The goal as established in a nursing care plan in terms of observable client responses is what the nurse hopes to achieve by implementing nursing orders. It is a desired outcome or change in the client's condition. The terms goal and outcome are often used interchangeably, but in some nursing literature, a goal is thought of as a more general statement while the outcome is more specific.

Beneath a Rising Moon (Ripple Creek Werewolf Series #1 ...

Beneath a Rising Moon is an excellent start to a new series. The characters are complex and interesting. The plot has a lot of depth and is intriguing. My only two complaints about this novel are that the mystery wasn't that mysterious. I had it figured out when I was about 50% through the book. Also, at times Duncan was a giant ass, and I don't think that it was really illustrated how not okay
