**Decentralised Government in an Integrating World - zew.de**

Then, empirical evidence from panel analyses is provided for the role of costs, preferences and institutions in explaining fiscal federal structures, and for the impact of economic and political integration on the degree of government decentralisation, particularly among EU countries. Finally, the historical experience of Germany is used to explore long-term developments in the public sector.

**From Government Decentralization to Decentralized Governance**

During the 1990s decentralization was seen as a way of opening governance to wider public participation through organizations of civil society.

**Decentralization - Wikipedia**

Decentralization in government, the topic most studied, has been seen as a solution to problems like economic decline, government inability to fund services and their general decline in performance of overloaded services, the demands of minorities for a greater say in local governance, the general weakening legitimacy of the public sector and global and international pressure on countries with
