[At what age do most people die? - Quora](#)

It specifically asks, "At what "age" do most people die?" I have not yet done the research, but there are specific ages between 1 and 122 where virtually no one dies - no recorded death has yet been verified at 118, 120, or 121 - just as there is most certainly a specific age where the largest number of people die for any specific birth year.
