In this paper we explore the potential role of entrepreneurship in public sector organizations. At first, we present a review of the entrepreneurship theme in the political science and public management research streams, comparing these ideas with the mainstream business literature on entrepreneurship.

[Public Sector Entrepreneurship - Dennis Patrick Leyden ...](#)

Public sector entrepreneurship refers to innovative public policy initiatives that generate greater economic prosperity. These initiatives can transform a status quo economic environment into one that is more conducive to economic units engaging in creative and innovative activities in the face of uncertainty.

[Enter the public entrepreneur: implementing innovation in ...](#)

Public entrepreneurship is re-emerging because the context for public services is changing rapidly. In many OECD

countries, a cocktail of rising demand, constrained budgets and high citizen expectations is putting pressure on established welfare states, and forcing difficult decisions about how public resources are mobilised and spent.
