[The Generations - Which Generation are You? - Career Advice](#)

The cut off dates for each generation vary over time as the characteristics of that generation become more well understood. In the US, it appears demographers are trying to stick to ranges of 15 years (Japan uses 10 years).

Finally, as the public pays more attention to generations, such as Millennials, certain dates become more accepted.

[Generation - Wikipedia](#)

A generation is "all of the people born and living at about the same time, regarded collectively". It can also be described as, "the average period, generally considered to be about thirty years, during which children are born and grow up, become adults, and begin to have children of their own". In kinship terminology, it is a structural term.
