## Lean Management - Kanbanchi

What is Lean? Lean management is an approach to running an organisation that supports the concept of continuous improvement. It is an ongoing effort to improve products, services, or processes, which require incremental improvement over time in order to increase efficiency and quality.

## What Is Lean Management? - Management Meditations

Lean is a moving target because, at its heart, lean is a process of learning and improvement. It cannot be defined as something that is standing still or fixed. It is not simply mimicking what happened at Toyota or anywhere else. And, most importantly, it is not a kaizen event, a project, or something done by a consultant. It is best captured as a philosophy rather than a particular method or
