Recovering Informal Learning: Wisdom, Judgement and ...

Informal learning is in the research focus of several disciplines, such as adult education, psychology, sociology, or business economics focusing on human resources development, emphasizing

Recovering Informal Learning | SpringerLink

Informal learning can be fruitfully thought of as developing the capacity to make context sensitive judgments during ongoing practical involvements of a variety of kinds. Such involvements are necessarily

indeterminate and opportunistic. Hence there is a major challenge to policy makers in shifting the balance towards informal learning without destroying the very things that are desirable.
