Social Comparison and Social Psychology Much of our knowledge about ourselves, and about the world in which we live, is based on a process of social comparison.

Social Comparison and Social Psychology: Understanding ...

The concept of social comparison is a well-known one in experimental social psychology. It refers to a fundamental process where we relate ourselves to others. Engaging in this social comparison has tremendous impact on our way of thinking, feeling and behaving, and even on the sense of who we are. This important new study, which synthesizes the latest theoretical and empirical developments in Social Comparison and Social Psychology: Understandi ...
