### **The Sociology of Community Connections Second Edition**

ix The nature of community has changed considerably since the first edition of this book; it has become more firmly established as an artifact of technology.

#### **What is Community? A Sociological Perspective**

Shared community standards are important in community and personal identity; who one is very much is a matter of what values one believes in. The degree to which community or organizational members share values, and/or respect each others' values, is an important component among the sixteen elements of strength and capacity.

#### **Community, Basic Concepts of Sociology Guide**

Community. The term community is one of the most elusive and vague in sociology and is by now largely without specific meaning. At the minimum it refers to a collection of people in a geographical area.
